

NATIONAL EXPERT SECONDED TO EMSA

MARITIME SUPPORT SERVICES OPERATOR WITH IT BACKGROUND

Ref. n°: EMSA/SNE/2012/06

The European Parliament and Council Regulation (EC) No 1406/2002¹ provides the legal basis for the establishment of the European Maritime Safety Agency (EMSA).

The goal of the Agency is to provide technical and scientific assistance to the European Commission and Member States on matters relating to the proper implementation of European Union legislation on maritime safety and pollution by ships. To do this, one of EMSA's tasks is to improve cooperation between Member States in all key areas. This includes undertaking a range of actions aimed at improving safety on tankers and passenger ships, as well as bulk carriers, container ships and fishing vessels.

In addition to its initial safety and pollution related work, in April 2004, EMSA was also given additional tasks by the European Council and the European Parliament related to oil pollution response, ship security and training of seafarers.

In the field of traffic monitoring the Agency has the responsibility for the technical management of SafeSeaNet (European traffic monitoring system), of the LRIT International Data Centre and for the European Union LRIT Cooperative Data Centre.

The EMSA Maritime Support Services provide a 24/7 point of contact in case of a major incident at sea and the operational helpdesk and support relating to the maritime information systems. The tasks are carried out on a continuous basis (24/7) and require shift work (operating on a rota system) outside normal office hours, including weekends and holidays.

EMSA invites you to send your application for a Seconded National Expert as Maritime Support Services Operator. This position will be attached to Unit C.2, Vessel Traffic and Reporting Services.

More information about the Agency and its structure and activities can be found on our website: <http://www.emsa.europa.eu>

¹ OJ L 208, 5.8.2002, p.1, as amended by Regulation (EC) No 1644/2003 of the European Parliament and of the Council of 22 July 2003 (OJ L 245, 29.9.2003, p. 10) and Regulation (EC) No 724/2004 of the European Parliament and of the Council of 31 March 2004 (OJ L 129, 29.4.2004, p. 1).

Conditions of Employment:

This vacancy notice concerns a Seconded National Expert position. Rules applicable to National Experts seconded to EMSA can be found on the following link: <http://www.emsa.europa.eu/recruitment-info/secdeded-national-experts.html>
Please read carefully these rules before applying.

The initial duration of the secondment is one year with possibility for extension.

The place of employment is Lisbon, Portugal.

Functions and Duties:

The tasks of the Maritime Support Services are:

- a. Relating to the main critical operational maritime information systems monitored and operated by EMSA (SafeSeaNet, LRIT CDC, LRIT IDE, CleanSeaNet):
 - a. Monitoring system performance;
 - b. Checking the quality of data and services;
 - c. Ensuring the operational Helpdesk for end-users in Member States and other participating countries;
- b. Other similar tasks relating to systems/applications under development or on a pilot basis;
- c. Activating emergency services of the Agency (Oil pollution recovery vessels, CleanSeaNet, experts) following the procedures of the contingency plan of the Agency.

Among these tasks the MSS Duty Officer with IT background will, during the shift, in particular be responsible for:

- a. Executing the daily MSS routines relating to the following tasks:
 - Monitoring and reporting on the system availability, including communication links;
 - Providing first level IT helpdesk;
 - First diagnosis and troubleshooting in case of IT failure;
 - Monitoring and reporting on the availability of data in the systems (including tracking of data flow);
 - Statistical reporting on use of the systems;
 - Monitoring, troubleshooting and reporting on availability of MSS ICT infrastructure;
- b. Back-up and support other MSS staff on tasks related to the daily MSS duties;
- c. Coordinate the team in shift if required;
- d. Update procedures and instructions relating to the above tasks;
- e. Train and inform other members of the team on specific issues related to the above tasks;
- f. Report on progress, changes, issues related to the above tasks.

Main skills and qualifications:

- University degree or equivalent qualification or professional experience;
- At least 3 years of professional experience acquired after the award of the required qualification. When no university degree or equivalent qualification has been acquired, 7 years of experience is required of which 3 must be relevant to the post;
- Previous experience in monitoring and supporting IT applications;
- Previous experience in application service reporting and preparing/editing statistics;
- Previous experience in drafting, checking, and maintaining procedures and documentation;

- Experience in cooperating with other teams in the organisation and with external contractors for ICT operations;
- Proficient user of basic desk top tools;
- Good communication, presentation and reporting skills in English.

Submission of applications:

Each application shall contain the following documents:

- a) A detailed curriculum vitae in European format (that can be obtained at the following address <http://europass.cedefop.europa.eu/en/documents/curriculum-vitae> or downloaded from our site).
- b) A duly completed and signed [declaration of honour](#) (which can also be downloaded from our site).

The Permanent Representation must send your application to EMSA, at the following email address before the deadline: Mail_Recruitment@EMSA.europa.eu

EMSA will only take into account applications received before the deadline which is **10th August 2012 at 17 hours (Lisbon time)**. Please liaise with your Permanent Representation to ensure that your application reaches it well on time.
