

SSN Group meeting 24

HAZMAT WG – progress report

Agenda item 24.3.2

Charles Abela / **Senior Project Officer**
Department C: Operations/Unit C.2.2

Lisbon / 14 October 2015

- **HLSG 9 established a HWG to develop measures for improving HAZMAT reporting in SSN**
- **HWG delivered, and SSN Group 22 and HLSG 12 approved:**
 - Guidelines on reporting HAZMAT information
 - Requirements for a common HAZMAT Reference Database (CHRD)
- **HLSG 12 approved the re-establishment of the HWG with new TOR**
- **Tasks completed by HWG and approved by SSN Group 23 and HLSG 13:**
 - Definition of a HAZMATID for its use in Central Hazmat Database (CHD)
 - Alignment of the HAZMAT Guidelines and the SSN XMLRG

- **Development of the CHD**
 - tendering stage
- **Alignment of XMLRG**
 - agenda item 24.4.2
- **Leaflet on HAZMAT reporting**
 - completed and published
- **Training on reporting HAZMAT in SSN**
 - proposal agreed in HWG
 - discussed with industry
- **Amendments to the Guidelines on Reporting HAZMAT in SafeSeaNet**
 - Special Provisions in the IMDG Code
 - reporting of bunkers

Member States are invited to:

- Note the progress on the CHD
- Note the developments on the HAZMAT leaflet and training
- Approve the amendment to the Guidelines with respect to 'Special Provisions in the IMDG code'
- Request the HWG to develop guidelines to improve bunker reporting in line with proposal at paragraph 3.1.a
- Invite EMSA to prepare a proposal to allow bunkers to be reported separately from dangerous and polluting goods
- Invite EMSA to consider for inclusion of the maximum capacity of bunker tanks in the central ship database (CSD)
