

# SSN Group meeting 26

## Waste Working Group

Agenda item 26.3.4

Charles Abela / **Senior Project Officer**  
Department C: Operations/Unit C.2.1

Lisbon / 19 October 2016

- SSN HLSG 14 (December 2015) approved TOR for a waste expert group (WEG) to revise business rules to implement the amendments to Annex II to PRF Directive
- Meeting of the WEG (March 2016) developed the required Waste Business Rules (version 1.02)
- SSN 25 WS (May 2016) noted progress by WEG
- Revised ToR for WEG adopted by HLSG (June 2016 by written procedure)
- HLSG (July 2016)
  - Approved the Waste Business Rules (v. 1.02), but editorial improvements in the table in Annex I (definition of the fields) to be verified
  - Agreed with the solution on how all the waste information will be transmitted to the central SSN - all waste information to be included in the PortPlus notification
  - Agreed on the need for a 2nd meeting to define new business rules on the exchange of information between SSN and THETIS-EU

- Agreed to update the Waste Business Rules to:
  - Include decision of the HLSG on how to transmit all waste information to SSN
  - update the waste categories mentioned in Annex I by changing the location of optional field "international catering waste" from "domestic waste" to "food waste"
  - Include new business rules related to the exchange of additional information (alerts, incident reports, inspection reports) between SSN and THETIS-EU for enhanced monitoring of the waste delivery obligation (Art 7 PRF Directive)
- Queries by DE in respect of the SSN XMLRG were referred to the SSN Group for further consideration
- Proposal to include MARPOL Annex VI waste on an optional basis would be considered in the future

- HLSG (12 October 2016) approved the Waste Business Rules and agreed to include their implementation as part of SSN v.4
- Member States, together with EMSA, to consider the required changes to the National Single Windows and the SafeSeaNet system
