07.04.2021

Statistics; 29.01 - 11.03.21

- Total # IRD msg : 7715
 - Source: T-AIS: 6852, Sat-AIS: 808, LRIT: 55
- IRD with no IMO number: 1239 (not examined)
- IRD examined : 6476 (with IMO#)
- SSNN voyages match: 4877
- Old MRS (latest) reports (< 2021-01-01) : 2701
- Mismatch MRS Port of Call VS Port of Call : 4120

Observations / Recommendations

- IRD only containing AIS info -> not needed
- Reduce “duplicate” IRD msg’s (in, not out of polygon)
- Erroneous ship details; IMO#, flag, more?
- Sometimes “missing” voyage/port call data
- Latest MRS reports erroneous and often out of date
- Exemptions not validated,
- No access to incidents, report should contain the incident
