

Procurement procedure: EMSA/CPNEG/3/2022

Questions and Answers

Number	Question	Date and time	Reply	Date of publication
1	In order to clarify a point, I would like to ask about the encrypted email, you wrote "The size of the email may not exceed 12 Mb per one email", so we understand we can send more than one email in case we need more than 12 Mb, Is that correct?, In that case, Do you want us to make the same password for all of them?, thank you in advance.	11/04/2022 16:55	Yes, your understanding is correct. In case the size of the files of your submission is larger than 12 MB, you can split it and send it in two or more emails. With regard to the password, it is up to you to choose if one password can cover all encrypted files or different passwords will be assigned to each file.	12/04/2022
