B.3.2 – Training and cooperation

In-country training

Regional dimension

Higher number of participants from the region

One or more per year?

Subjects?

6

B.3.2 – Training and cooperation

EMSA training catalogue

Content and objectives of training courses offered by EMSA?

To be published on our website

The “catalogue” would assist maritime administrations and CNTA focal points to identify the training sessions that best suit their needs

7

B.3.2 – Training and cooperation

Do we actually need a yearly meeting?

YES, because	NO, because
it is the only opportunity to seat and discuss all together about training and co-operation activities	the training sessions for the coming year can be decided via e-mail
meeting frequently makes it easier the co-operation among us	we can save resources if there are no issues concerning training and co-operation to discuss
