

Central Ship Database

Quick start guide

CSD version 2.4

March 2026

CSD aims at supporting MS authorities and EU agencies in the execution of their tasks

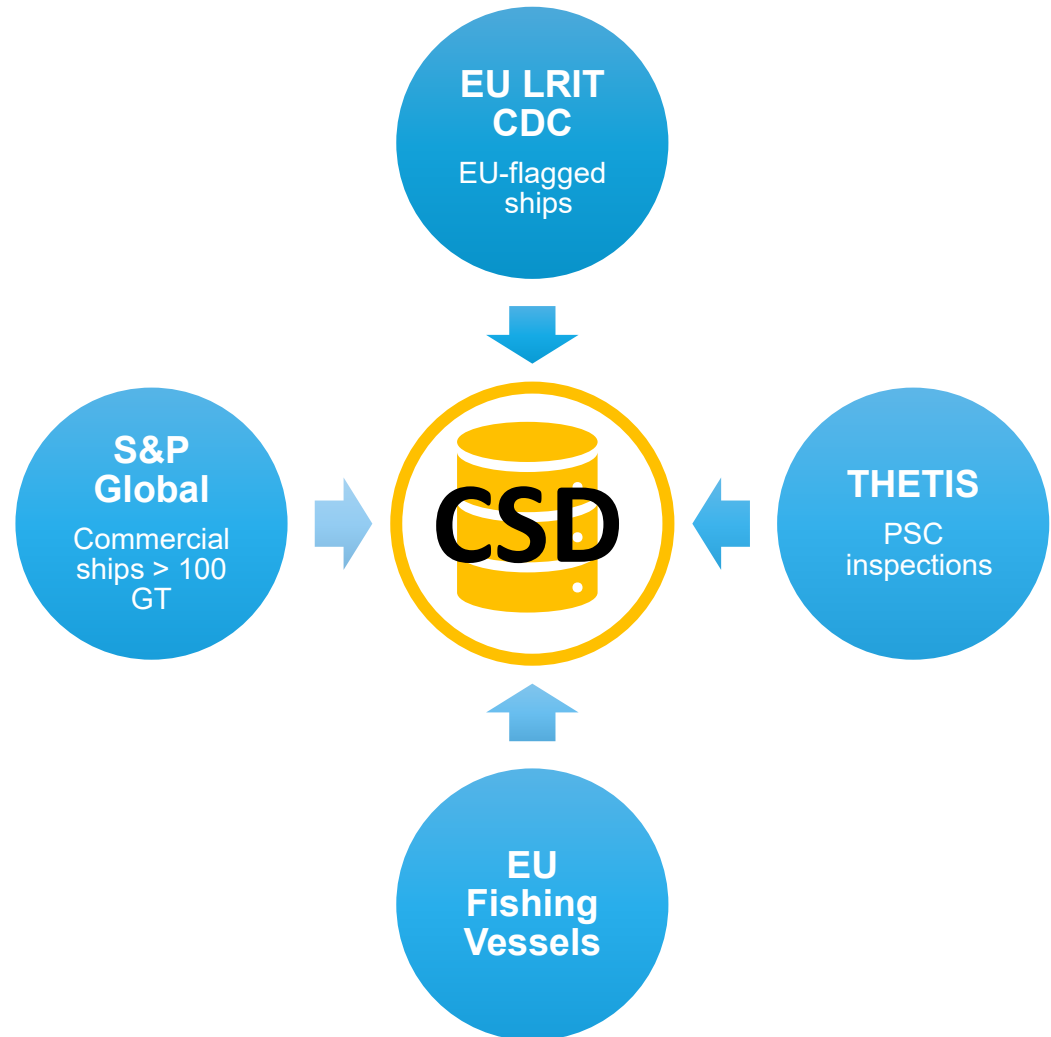

CSD is intended to serve as a reference for Member States' authorities and EU agencies

CSD gathers information from EMSA maritime applications, EU agencies and commercial data providers

CSD provides information on commercial ships and fishing vessels

Information is gathered by CSD from several source

- **THETIS**: information collected from PSC inspections
- **EU LRIT CDC**: information on EU-flagged ships
- **EU fishing vessels**: information obtained from the EU fleet register
- **S&P Global** – commercial data provider: information on commercial ships over 100 GT

CSD dataset

Ship identification (IMO number, name, IR number...)

Inmarsat Call numbers

Ship type (different code lists: IHS, UN, PSC, FAO...)

Construction details (dates of ship construction)

Status (from S&P Global and THETIS)

Dimensions (GT, LOA, LBP...)

Dimensions for fishing vessels (classes)

Company information (ship manager, registered owner, technical manager)

Technical details (hull, engines...)

Technical details for fishing vessels (fishing gear, power class...)

Port State Control information (banned ships)

See dataset specifications at:

<https://emsa.europa.eu/related-operational-projects/enhanced-central-ship-database.html>

List ships - Filter

Example: list all ships which IMO number contains "502" and which flag is Panama

Select ship attribute to use as criterion

Click "Apply"

The screenshot shows the EMSA Central Ship Database interface. On the left, there is a navigation menu with options: Ships, Ships Timeline, List data, and Metadata. The main area displays a table of ships with columns for CSDID, Ship name, IMO number, MMSI, Call sign, IP number, Ship flag, and Service status. The IMO number column is highlighted, and a filter panel is open on the right. The filter panel has two criteria: 'IMO number' with the operator 'contains' and the value '502', and 'Ship flag' with the value 'Panama (PAN)'. An 'Apply' button is visible at the bottom of the filter panel. The table shows 20 rows of data, with the first row being CSD000000001 and the last row being CSD000000020.

CSDID	Ship name	IMO number	MMSI	Call sign	IP number	Ship flag	Service

Ship identification Tab

The screenshot shows the EMSA Central Ship Database interface. The top navigation bar includes the EMSA logo and the text 'Central Ship Database'. Below this, the user's perspective is 'Business Perspective (read only)'. The main content area displays ship details for CSD000023965, including IMO number, MMSI, Call-Sign, Ship name, and Ship flag. A left sidebar contains navigation options: Ships, Ships Timeline, List data, and Metadata. A top navigation menu includes tabs for Identification, Timeline, Ship Type, Construction Details, Status, Dimensions, Company information, Technical details, and Port State Control information. A callout box points to a calendar icon next to the MMSI field, indicating that clicking it will show the attribute's timeline.

Attribute	Value	Calendar Icon
CSDID	CSD000023965	
IMO number	7020004	
MMSI	302001404	📅
Call sign	WQ47743	📅
Ship name	LIFE SUPPORT	📅
Ship flag	Panama (PAN)	📅

Click on the Calendar icon to see the attribute's timeline

Ship attributes are shown only if the CSD contains data for them

View ship details - Status

Status tab

- Service indicator: from S&P Global
- Status from PSC: from THETIS

The screenshot shows the EMSA Central Ship Database interface. The top navigation bar includes the EMSA logo and the text 'Central Ship Database'. Below this, there is a breadcrumb trail: 'Business Perspective (read only) < Ships : LIFE SUPPORT - IMO: [redacted] MMSI: [redacted] I-Sign: [redacted] - IR: - Flag: Panama (PAN) - CSDID: CSD000023965'. The main content area is titled 'Data' and features a sidebar on the left with navigation options: 'Ships', 'Ships Timeline', 'List data', and 'Metadata'. The main content area has a tabbed interface with the following tabs: 'Identification', 'Timeline', 'Ship Type', 'Construction Details', 'Status', 'Dimensions', 'Company information', 'Technical details', and 'Port State Control information'. The 'Status' tab is selected and displays the following information:

Service Indicator	In Service/Commission (S)
Status from PSC	Active
Disabled	No

Disabled = Yes indicates that the ship record was deleted
