

Central Ship Database

Quick start guide

CSD version 2.5

April 2026

CSD aims at supporting MS authorities and EU agencies in the execution of their tasks

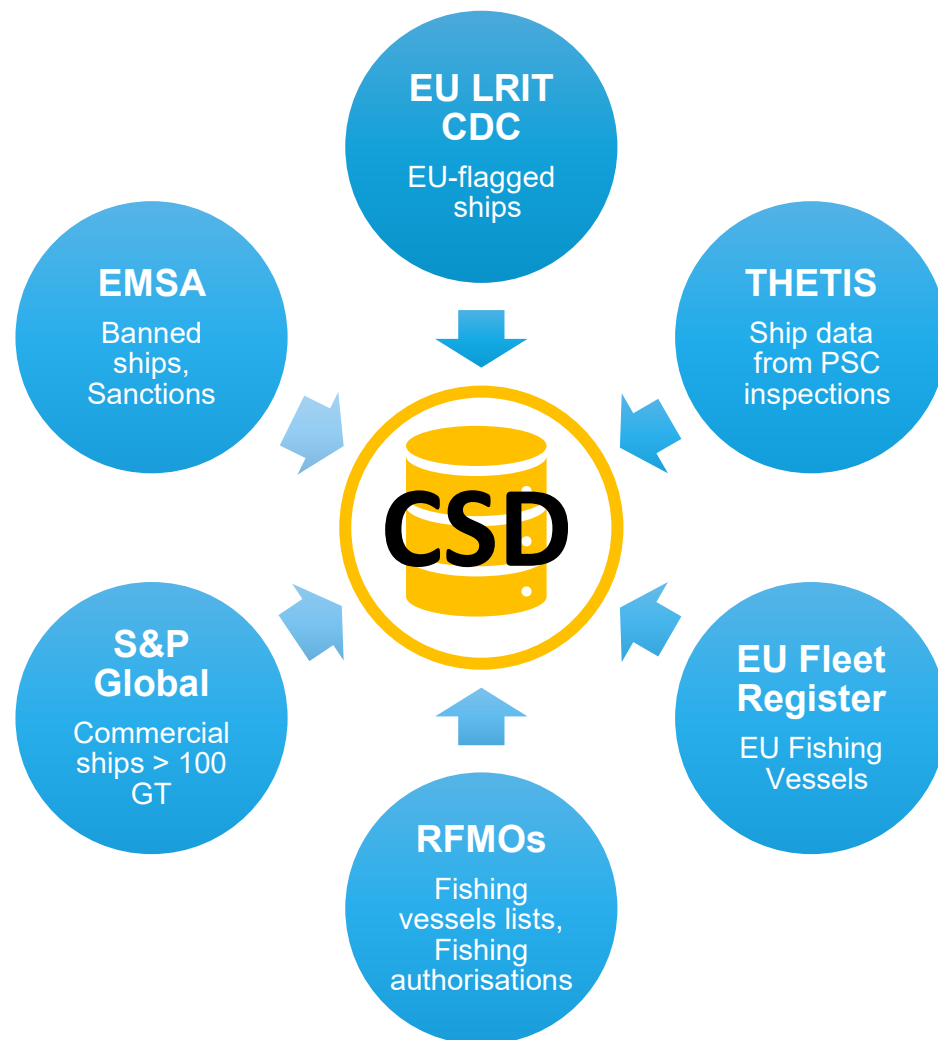

CSD is intended to serve as a reference for Member States' authorities and EU agencies

CSD gathers information from EMSA maritime applications, EU agencies and commercial data providers

CSD provides information on commercial ships and fishing vessels

Information is gathered by CSD from several source

- **THETIS**: ship information collected from PSC inspections
- **EU LRIT CDC**: information on EU-flagged ships
- **EU Fleet Register**: information on EU fishing vessels
- **Regional fisheries management organisations (RFMOs)**: information on fishing vessels lists and fishing authorisations
- **S&P Global** – commercial data provider: information on commercial ships over 100 GT
- **EMSA European Maritime Awareness Centre**: information on banned ships, EU Restrictive Measures, and other monitored sanctions regimes

CSD dataset

Ship identification (IMO number, name, IR number...)

Inmarsat call numbers

Ship type (different code lists: IHS, UN, PSC, FAO...)

Construction details (dates of ship construction)

Status (from S&P Global and THETIS)

Dimensions (GT, LOA, LBP...)

Dimensions for fishing vessels (classes)

Company information (ship manager, registered owner, technical manager)

Technical details (hull, engines...)

Technical details for fishing vessels (fishing gear, power class...)

Port State Control information (banned ships)

Fishing vessel lists (fishing organisation, vessel ID, date from, date to...)

Fishing authorisations (fishing organisation, authorisation type, start date, end date...)

Sanctions (Regime, application date, expiry date)

See dataset specifications at:

<https://emsa.europa.eu/related-operational-projects/enhanced-central-ship-database.html>

List ships - Filter

Example: list all ships which IMO number contains "502" and which flag is Panama

Select ship attribute to use as criterion

Click "Apply"

The screenshot displays the EMSA Central Ship Database interface. On the left, a navigation menu includes 'Ships', 'Ships Timeline', 'List data', and 'Metadata'. The main area shows a table of ship data with columns for CSDID, Ship name, IMO number, MMSI, Call sign, IP number, Ship flag, and Service status. A filter panel on the right is open, showing two criteria: 'IMO number' with the operator 'contains' and the value '502', and 'Ship flag' with the value 'Panama (PAN)'. An 'Apply' button is visible at the bottom of the filter panel. The table shows 20 rows of data, with the first row being 'CHRISTOPHAR' (IMO 502758) and the last row being 'SHARAH STAR' (IMO 502114).

| CSDID | Ship name | IMO number | MMSI | Call sign | IP number | Ship flag | Service |
|--------------|-----------------|------------|---------------|---------------|---------------|---------------------|---------|
| CSD000000001 | CHRISTOPHAR | 502758 | [not defined] | [not defined] | [not defined] | Greece (GRC) | No |

List data – Inmarsat call number

Use filter to search

The screenshot shows the EMSA Central Ship Database interface. The breadcrumb navigation is 'Business Perspective (read only) > Inmarsat Call number'. The left sidebar contains a menu with 'List data' expanded and 'Inmarsat Call Number' selected. The main content area displays a table with the following columns: 'Ship Id', 'List Id', and 'Ship Inmarsat Call number'. The table contains 15 rows of data, each with a checkbox in the 'Ship Id' column and a magnifying glass icon in the 'List Id' column. The 'Ship Inmarsat Call number' column contains values such as 11, 17, 42, 12, 45, 42, 12, 43, 14, 12, and 15. The table is paginated to show '1 - 100 of 3,124' items. A search filter is visible at the top right of the table area.
