

EMSA Transparency Register 2026

The European Maritime Safety Agency (EMSA) is committed to transparency, one of its core values alongside respect, unity, integrity, and innovation.

To ensure openness in its interactions with stakeholders, EMSA has established this Transparency Register, which records relevant meetings of the Executive Director and is updated monthly.

This commitment aligns with Article 298 of the [Treaty on the Functioning of the European Union](#), which mandates that the institutions, bodies, offices, and agencies of the Union must operate with the support of an open, efficient, and independent European administration.
